

## EE 492 Weekly Report MAY15-18 Week 1 (2/2/14-2/9/14)

**Project Title:** Web Portal for Diagnosing Learning Style (WP)

**Advisors:** Nir Keren / Mani Mina

**Client:** Iowa State University

**Members (roles):**

Leader	- Andy Guibert
Key Concept Holder	- Travis Reed
Comm. Leader	- Jon Mielke
Webmaster	- Andrew Hartman
	- Lucas Rohret

### Weekly Summary

This week we focused on connecting existing functionality on the site. Once this is completed we will be able to focus on Analytics and grades.

### Meeting notes:

**2/5 Group meeting with advisor**

**Duration:** 1 hour      **Members Present:** All, Dr. Keren, Dr. Mina

**Purpose and Goals:**

Update advisors about latest work

**Achievements:**

Set deadlines for work completing specific functionality and analytics.

**2/8 Group workshop**

**Duration:** 3 hours      **Members Present:** All

**Purpose and Goals:**

Continue progressing on implementation phase.

**Achievements:**

Merged multiple features together creating a more connected system

## Plans for next week

Andrew Hartman

- Finish Student registering for week
- Start Supplementary Information Analytics

Lucas Rohret

- Begin teacher view gradebook
- Add path from homepage to gradebook in navbar

Travis Reed

- Minimum Demoable code for response
- Create an autograder object and response view

Jonathan Mielke

- Update home page and course page so that tasks assigned show up correctly.
- Add functionality for what happens when a task is completed.

Andy Guibert

- Finish work on task builder by fixing remaining bugs
- put updated version of project on vrac for advisors to see

## Individual Contributions(this week)

Andy Guibert (4 hours)

- setup new weekly meeting time with Nir
- fixed bugs leftover from fall semester regarding taskbuilder

Travis Reed (6 hours)

- Store student responses in the database
- Store answer key in database
- Update gitignore
